| 5. Northwestern University Press | 11. University of Nebraska |
| 6. Ohio University Press | 12. University of Texas Press |

Note: Harvard University Press indicated that they would consider a list of titles we submitted, but they responded to our list of 76 titles with a letter saying that the list was inappropriate, that they no longer held the copyright to some of the books (they listed the titles), and that some of the books on the list had third-party copyrights.
