

Update: RedLightGreen Pilot

Digital Library Federation
Forum, April 2004

Where museums, libraries, and archives intersect

Project background

- An intuitive web-based research tool (currently book based) tuned to undergraduates' search behaviors, designed to meet some of their information needs
- Capitalizes on the “power of aggregation,” as well as sophisticated search engine
- Leads undergraduates to an important research resource -- their library.

Project background

- Mellon planning grant (2001)
- Mellon implementation grant (2002-2003)
 - Wireframe testing
 - Data conversion
 - Work with Recommind's MindServer
 - Identification of partners
 - Development of marketing plan
 - Semester-long test
- Additional funding from Mellon for next stage (December 2003 - September 2004)

User centered approach

Usability testing

- Wireframe testing in April-May 2002, prior to system development
- Usability testing in November 2003 - February 2004
- Additionally, professional interface design review in October 2003

User focus groups

- Spring 2003, in order to help develop marketing and communication strategies
- Spring 2004, to gauge reactions to the system at the partner institutions, interviewing students at the partner institutions

RedLightGreen helps you locate the most important books and other research materials in your area of interest, and find out whether what you need is available at your favorite library. Sign in, and you can format and send citations any way you want: MLA, APA, Chicago, Turabian. Just click – and it's done.

The Expedition of Humphrey Clinker

Summary

The Expedition of Humphrey Clinker is a picaresque novel that was written towards the very end of the temperamental Smollett's life and published shortly before his death in 1771. It is now regarded as his most accomplished novel, and is not coincidentally also his most mellow in outlook. His other novels and travel writing display a general hostility towards man and his actions, particularly when foreigners are involved. Here, the hostility exists between the characters that write the letters that make up the novel: primarily Matthew Bramble, Jerry Melford (his nephew), Lydia (his niece), Tabitha (his sister) and Tabitha's servant Winifred Jenkins. All have distinctive writing styles, in particular Winifred who writes with the strange but just comprehensible idiolect of an illiterate. The characters travel variously in Gloucester, London and areas of Scotland such as the filthy Edinburgh and the more acceptable Glasgow. Various characters are met, including the now-reformed Count Fathom from a previous Smollett adventure and there are numerous absurd and remarkable happenings such as disputes leading to duels, imprisonment, failed romances, jealousy and an inconveniently overturned carriage. The novel satirises the society of the late eighteenth century to great effect and held together with Smollett's characteristically coarse sense of humour - usually at the expense of his characters and the stereotypes they represent.

RLG has developed materials to help you educate students and faculty about RedLightGreen. Interviews conducted at RedLightGreen pilot institutions demonstrated that students are more likely to use resources that are recommended by faculty, graduate student instructors, peers, and library staff. The more opportunities these groups have to learn about the resource the more likely they will use and recommend RedLightGreen.

Electronic Information

RLG has created short texts that describe RedLightGreen. These information paragraphs are targeted to students and to faculty and library staff. They may be modified in any way necessary to reach the widest possible audience. In addition, please feel free to add your library's URL to any of these materials if you have a link to RedLightGreen on your home page. Suggested uses:

- Send information to subject area specialists, public services, and any other interested library staff
- Pass on to humanities/social sciences faculty
- Post information with a link to the resource on the library home page
- Post information for students on a campuswide dist-list or a library electronic mail discussion group.

Our pilot study in fall 2003 proved that information distributed on a library mailing list led to a higher student response, compared to newspaper ads or flyers.

Text

Communication texts for partner and non-partner institutions describing RedLightGreen; these are targeted to students, faculty, and library staff.

RedLightGreen Begins Pilot Phase at NYU by Dylan Tweney, *Connect: Information Technology at NYU, Fall 2003 edition.*

RedLightGreen: What We've Learned Since Launch by Merrilee Proffitt, *RLG Focus, Feb 2004.*

RedLightGreen Will Enhance Student Research, RLG

Additional tools and suggestions for promoting RedLightGreen

- Image files, including RedLightGreen name and logo
- Articles about RedLightGreen. Forward or format to fit your needs
- Graphics for a newspaper ad or flyer
- Promotional event. Sponsor free coffee and invite students to view a demonstration of RedLightGreen and other Library resources in the library lounge or entryway.

At pilot partner institutions last fall, hundreds of students were happy to take an evening study break to attend demonstrations and have a free coffee in the library. These sessions proved to be a fun and highly effective way to promote library services.

ALA Choice Review

English-born Harry Ward immigrated to the US in 1891, where he worked as a Methodist lay preacher and eventually became a professor of ethics at Union Theological Seminary. His career and publications revolved around Christian socialism and efforts on behalf of the underprivileged. A prolific writer and speaker, and a world traveler (he met Gandhi in India and lived in the Soviet Union for a full year), Ward was almost obsessed in his efforts to show that Marx and Jesus were fellow travelers and compatible in their thinking. Even at 80 Ward could bring audiences to their feet with his charismatic speaking. His commitments set him on a collision course with the FBI and McCarthyism. The FBI monitored his movements and speeches from the early 1940s to 1963. Ward was perhaps blind to the errors of Stalinism, but he clearly exposed the systemic illness of capitalism. Vividly current, this posthumously published biography cries out for freedom of speech and open debate in every age and exposes a dark moment in American political history. Duke (formerly, William Jewell College) has written an excellent book based on all the important sources, including private letters and FBI files. For the present day, this is a must-read. Superior notes, references, and index. Summing Up: Highly recommended. All levels. General Readers; Lower-division Undergraduates; Upper-division Undergraduates; Graduate Students; Researchers/Faculty; Two-year Technical Program Students;
